Faculty Vitae

1. Name

**Muthanna J. Abdulridha**

2. Education

**Master degree in Telecommunication Systems and computer Networks engineering**

3. Academic experience

- 1. External lecturer for the "Electronic", Third stage /the first course in the Department of Computer Engineering /AL-Nahrain University 2015-2016 /the first course ).**
- 2. External lecturer of the "Microcomputer Interfacing", Third stage /the first course in the Department of Computer Engineering /AL-Nahrain University ( 2015-2016 / Second course).**
- 3. External Lecturer for Digital Signal Processing (DSP), Fourth Stage Department of Systems Engineering/ Faculty of Information Engineering / AL-Nahrain University (2016-2017 / first course).**
- 4. External Lecturer for Modern Control Engineering Fourth Stage Department of Networks Engineering/ Faculty of Information Engineering / AL-Nahrain University (2016-2017 / Second course).**
- 5. External Lecturer for Digital Control Engineering Third Stage Department of Systems Engineering/ Faculty of Information Engineering / AL-Nahrain University (2016-2017 / Second course)**
- 6. External Lecturer for Modern Control Engineering Second Stage Department of Systems Engineering/ Faculty of Information Engineering / AL-Nahrain University (2017-2018 / Second course).**
- 7. External Lecturer for Digital Control Engineering Third Stage Department of Systems Engineering/ Faculty of Information Engineering / AL-Nahrain University (2017-2018/ Second course).**

4. Non-Academic experience

- 1. Design and supervision of the implementation of the internal network of the Ministry of**

---

**Justice (5 floors - 80 links).**

**2. Installation, and maintenance of Internet systems using VSAT technology and Hughes DW4020, DW6000, IDirect II, IDirect 3000 Plus, IDirect 7000 systems.**

**3. Programming scientific projects using programming languages (C # .net 2008, 2010)**

**4. Programming sites using JSP programming Lang.**

**5. Server management using server systems Windows server 2003,2008, 2012.**

**6. Managing e-mail servers using Windows Exchange Server 2003, 2008.**

**7. Maintenance, Administrator of examination server to grant the ICDL certificate, 2010-2013.**

**8. One of the developers of the portal of the e-government of Iraq since 2010 until 2017.**

**9. Configuring and installing Cisco devices (Cisco Switches, Core Switches, Routers, network management, Cisco Firewall ASA 5505, ASA 5510, ASA 5520).**

**10. Head of team design and implementation of job evaluation system using (SQL server and ASP.net)**

**5. Certifications or professional registrations**

**1. Arab Academy for Microsoft Technology / Amman - Jordan from 28 - 6 to 14 - 7 - 2004**

**a) 2297 A Planning, Implementing, Managing, and Maintaining a Microsoft Windows Server 2003 Environment for an MCSE on Windows 2000.**

**b) 2400 B Implementing and Managing Microsoft Exchange Server 2003.**

**2. Advanced Internet Center (AIC) / Doha - Qatar 2006 "Wireless network installation, administration, and management using SpeedLAN 9200 wireless routers".**

**3. iDirect Headquarter / London - the United Kingdom April 2008**

**a) Basic of (IOM) Installation Operations & Maintenance Training of VSAT internet Systems (Course 1)**

**b) The advance of (IOM) Installation Operations & Maintenance Training of VSAT internet Systems (Course 2).**

**c) Quality of services. (Course 3).**

**4. Synergy under the supervision of the United Nations Development Program (UNDP)**

**a) Iraqi E-Portal administration and development training course I - Amman 2010**

**b) Iraqi E-Portal administration and development training course II - Armenia 2012**

**5. Knowledge Center (ACT), Beirut - Lebanon**

**a) Interconnection Cisco Network Devices I (ICDN1)**

**b) Interconnection Cisco Network Devices II (ICDN2)**

**6. University of Baghdad, Computer Center**

**a) CCNA Exploration: Network Fundamental CCNA1 2009**

**b) CCNA Exploration: Routing protocols and Concept CCNA2 2011**

**c) CCNA Exploration: LAN Switching and Wireless CCNA3 2012**

**7. University of Baghdad - Center of the computer "Oracle training course" from 23/10 to 7/11/2005**

**8. Nahrain University - Department of Computer Engineering "Software Development and**

---

tools" 31/7 to 10/8/2005

**9. Ministry of Industry / Electronic Industries Company with the participation of Doha Iraq Company**

**"Support and Guidance program for ICDL Administration" 2011.**

6.Membership in professional organizations

**1. Iraqi Engineers Union from 2000**
